School-related gender-based violence (SRGBV)

Acts or threats of sexual, physical or psychological violence occurring in and around schools, perpetrated as a result of gender norms and stereotypes, and enforced by unequal power dynamics.

It includes different manifestations of physical, sexual and/or psychological violence, such as verbal abuse, bullying, sexual abuse and harassment, coercion and assault, and rape. These different forms of SRGBV often overlap and reinforce each other.

Comprehensive sexuality education (CSE)

A curriculum-based process of teaching and learning about the cognitive, emotional, physical and social aspects of sexuality.

It aims to equip children and young people with knowledge, skills, attitudes and values that will empower them to:

- realize their health, well-being and dignity;
- develop respectful social and sexual relationships;
- consider how their choices affect their own well-being and that of others;
- understand and ensure the protection of their rights throughout their lives.
